YATZY ULTIMATE IN PORTUGUESE, SWEDISH AND DANISH

Portuguese, Swedish and Danish free and paid versions available on [iTunes](#)

Today, Game.io's most successful game Yatzy Ultimate, for iOS, has released a new version with three more languages included: Portuguese, Swedish and Danish. Due to the growing interest and demand from the players, our team worked on fulfilling these requests in order to provide the players from these countries the ultimate experience of their favorite game in their own language.

Yatzy Ultimate holds a [BestAppEver Awards](#) as a third place winner and has been "Featured up" among top dice games on iTunes, Windows Phone and Windows 8 store in the last 6 months. Over 2.000.000 people all over the world enjoy their favorite childhood game on their device.

The game is available on [iTunes](#), [Windows 8 Store](#) and [Windows phone](#) stores in free and paid version and supports English, German, French, Spanish, Portuguese, Swedish and Danish.
